

Challenge #9: Video and Forms

The image displays a web development project in two parts, each showing a code editor on the left and a browser preview on the right.

Top Section:

- Code Editor:** Shows the HTML structure for a video section. It includes a heading "My favorite Movie Animation", a list of links, and three embedded video players from YouTube. The first video is "Howl's Moving Castle - Official Trailer".
- Browser Preview:** Displays the rendered page. It features the heading "My favorite Movie Animation" and two video players. The first video is "Howl's Moving Castle - Official Trailer" with a "Watch later" and "Share" button. The second video is "Rise of the Guardians: Official Trailer 2" with a "Copy link" button.

Bottom Section:

- Code Editor:** Shows the HTML structure for a contact form and footer. It includes a map, social media links (Facebook, TikTok, Instagram), a contact form with fields for name, email, and message, and a footer with copyright information: "© Bea To-os | All Rights Reserve 2023".
- Browser Preview:** Displays the rendered page. It features a map, social media icons, a contact form with fields for "Your Name", "Your Email", and "Type Message Here...", and a "Send Message" button. The footer shows the copyright information: "© Bea To-os | All Rights Reserve 2023".
